Performance & Analytics: KPI Design & Dashboards, Data-Driven Decisions, Competitive Analysis

PROFESSIONAL EXPERIENCE

Chief Executive Officer | **CARVO** | Riyadh

Jan 2026 – Present

- Joined as Chief Technology Officer to build the company's operating system from the ground up and automate its processes, then stepped into the CEO role to lead operations strategy and launch.
- Designed and launched the operational system running the full cycle from order flow through fulfilment and delivery, with process automation and KPI instrumentation built in.
- Led integration of the platform with government systems and ensured regulatory compliance within logistics-sector requirements.
- Set the operations strategy and go-to-market plan, and established the team and processes to take the platform live and scale in the Saudi market.

Business Development Director | **CARZ Ltd.** | Riyadh

Jul 2022 – Feb 2026

- Architected and executed the complete B2B and B2G partnership ecosystem, securing foundational agreements with key national entities (ELM, SADAIA, Absher) and industry leaders (Tawuniya, Bcare, LeanTech) to ensure full market integration and regulatory compliance.
- Defined the go-to-market (GTM) strategy for the CARZ platform, identifying target markets and revenue streams through comprehensive market analysis, and led the end-to-end business launch.
- Established and managed the full commercial pipeline, qualifying new B2B clients, negotiating complex contracts, and contributing directly to revenue growth and market-share targets.

- Led cross-functional teams to implement a complete CRM framework, automating partner onboarding and enabling data-driven customer segmentation.

Transformation Director | Sky Innovation Ltd. | Riyadh

Jan 2019 – Jun 2022

- Spearheaded the development and deployment of B2B and B2C tech ventures, including CARVO (logistics) and the CARZ marketplace app.
- Directed the integration of all platforms with banking systems and open-banking protocols to facilitate secure transactions.
- Established the company's complete business performance indicator (KPI) framework to monitor all operational metrics.

Operations Manager (Acting) | Medgulf | Riyadh

Feb 2017 – Jan 2019

- Developed and executed a strategic recovery plan that cleared a critical backlog of over 3,000 cases in under one year.
- Implemented new KPIs and performance reporting dashboards, enhancing transparency and reducing decision-making latency by 20%.

Operations Supervisor | Al Rajhi | Riyadh

Mar 2012 – Jan 2014

- Supervised end-to-end vehicle processing operations, ensuring full regulatory compliance.
- Collaborated with the IT department to design and automate the entire workflow system, from initial registration to final closure.
- Pioneered digital transformation initiatives that streamlined procedures, reducing manual workload and improving processing times.

EDUCATION

Bachelor's Degree in Electrical Engineering (GPA: 3.7 / 4.0) — Western Valley University Jan 2008 – Jan 2012
